

PLEASE PRAY FOR OUR BROTHER AND SISTERS IN THE UKRAINE

'United in the Lord', leaders from Russia and Ukraine have joined together in prayer.

Prayer request from Vitaly Orlov Pastor of the Sumy Christian Church.

Verkhovna Rada, Kiev!!! Just!!

Dear friends, brothers and sisters from different parts of our world.

We appeal to you at this dark time for all of us, when clouds black from explosions cover the sun over our capital. This night, the elite special forces of the Russian Federation, together with Chechen units, will storm one of the most ancient and beautiful cities in the world, the spiritual capital of Eastern Europe - the city of Kiev. Even now, street fighting continues in Kiev, everyone who can hold a weapon has risen to defend the capital, even pensioners, students and schoolchildren. The upcoming night and tomorrow are critical, everything that the entire civilized world believed in and built up to this time is at stake. With tears in our eyes, we ask you, regardless of the time zone, to spend all this time in fasting and prayer to God. Pray the Lord to protect us from the mad hordes who want to mock the faith and truth of God.

Please forward this message to all your friends, relatives and acquaintances in Europe, Asia, America and around the world!

Prayer is stronger than the strongest enemy

At last THURSDAY'S prayer meeting we made supplication for our brothers and sisters in the UKRAINE. We also prayed for our brothers and sisters in RUSSIA who are at present pressed can all sides both spiritually and physically with the advent of the start of Russia's influx of troops over the border into the Ukraine. We prayed also for Vladimir Putin who is **preparing to use 'father of all bombs' as brave Ukrainians hold up advance.**

We have also been targeting Ukraine Moscow and Belarus with the salvation prayer from Allan Jones translated into Russian, So far we've reached over 50,000 people with over 12,000 people watching the video all the way through. The link to the salvation prayer page of the website has been been banner wrapped around the video and this has led to...going to the website. Please pray for these people to reach out to Jesus at this time especially Vladimir Putin and other key leaders in the Kremlin to watch the video and respond to it.

LifeStories Worldwide Mission

To reach as many people as possible across the world digitally with the Gospel of Jesus Christ.

To challenge Christians to become digital evangelists and share the

videos to their family and friends.

How are we doing this...

Each week we have LIVE and AS LIVE videos on You Tube and Facebook of people telling their Salvation Story. These video messages go out at lunchtime or in the evening each day with a link that people can click to go to a page to know more about God. A phone line is also offered as a way to connect with a team of volunteer Christians.

Since the pandemic started in March 2020 we've seen over 91,000 unique link clicks through to this webpage. We've seen large numbers of people email asking for follow up and it's been our privilege to lead over the phone lines people, like Chris from Manchester, to the Lord and then connect him with a local church.

The majority of this work at the start of the pandemic was focused on the UK but twelve months ago we changed our name from BMF UK to LifeStories Worldwide as we felt led to look at the world as a harvest field for this digital work.

The ministry previously had been called Business Mens Fellowship UK but we felt this was old and outdated. It carried baggage that stopped Christians

getting involved and put non-Christians off, so the new brand of LifeStories Worldwide was launched officially just over twelve months ago.

We changed the website and created LifeStories TV and this has continued our growth now around the world.

We have a very simple strategy each day as we are a very small ministry team of just 5 active members each week, supported in prayer each week by a small team of 12 men.

One man prays for the countries we target.

One man edits the videos.

One man posts the videos and does the You Tube Adverts.

One man does the Live You Tube Stream.

One man sets to the technical side each week.

On You Tube in the last two years our channel has reached over 42 million people around the world with 1.26 million watching for at least 1 minute 14 seconds over 50 countries.

The country with the longest average watch time is Ukraine with 6 minutes and 16 seconds.

The country with the most link clicks to the webpage "How to know God" has been Afghanistan.

The country with the most watch hours is the UK with 4,566 hours, but Brazil with 1,592 hours, Russia with 1,339 hours, Thailand 1,035 hours, closely followed by Argentina with 1,025 hours, are seeing huge numbers watching and then visiting the website.

Due to this growth of subscribers and watch time You Tube invited LifeStories to be a You Tube Partner and we are now being paid for each video we post. This allows us to invest even more into digital evangelism and follow up platforms.

The value of our website alongside of this is shown by the 30 million hits over the last year it's received and the 23 key countries where people have used the website on average for at least 1 minute 30 seconds each session. People in Cities across Afghanistan are heavily active each day on the new website and this is why our latest addition of a LifeStories Worldwide App which will allow people on every continent to hear a Salvation Story in their own Language is another vital component to our digital harvest machine.

LifeStories Worldwide is a very safe name but it's aim is very deliberate and confrontational. Within a minute of watching a LifeStories video you will be challenged if you're not a Christian to think about eternal matters. We do not back away from this; it's our calling as Digital Evangelists to lead people to Jesus through people telling their salvation story.

But we need your help...

To reach more people for Jesus we need more Salvation Stories in more languages. You can send us you're video or we can record it over Zoom.

We need more people who are willing to share each day the LifeStory at Lunch and become a Digital Evangelist through Facebook, WhatsApp, Email and Text messages. One man Anthony airdrops the salvation stories to the people in his

carriage on the London Underground.

We need more people to pray for these videos that they will land on good ground and help people become followers of Jesus.

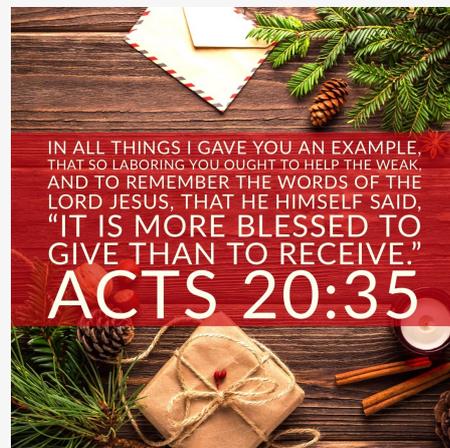

Latest YouTube Update

We have made huge strides forward for the Lord in this area and this week we wanted to encourage you that your sharing of the LifeStories videos is fruitful.

Thanks to your support and sharing, we have now reached our target of 4000 viewing hours which is the threshold set by YouTube that should be reached for our content to be monetized meaning YouTube will now place adverts before our videos and subsequently this will bring in an income for us to continue broadcasting and placing our own adverts both on YouTube and facebook.

WE WOULD OF COURSE ENCOURAGE YOUR GIVING TO REACH EVEN MORE COUNTRIES AND SOULS FOR CHRIST

YOU CAN BE PART OF THIS BY GIVING

People are now very likely to search not only Google for answers but search for a person that can answer their question

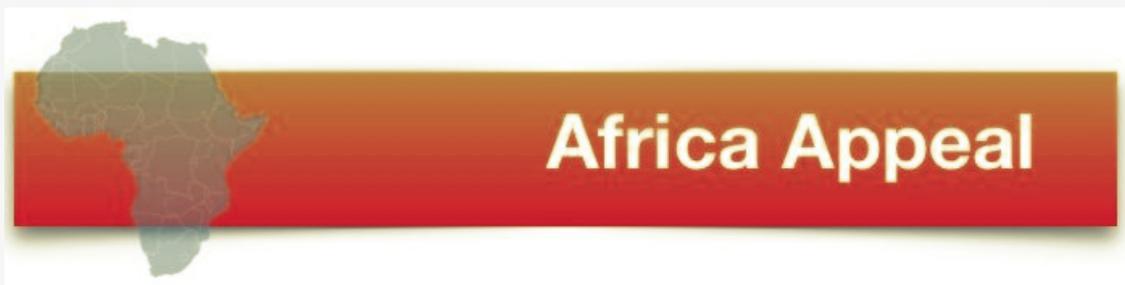

What is the new environment of the world of social media like, and how can we fruitfully share faith in it? Are you a social media evangelist ? It's as easy as sharing a video or life story with

your friends on facebook, twitter, instagram or what ever social media platform you use frequently.

VIDEO OF THE MONTH - Claud Jackson - From Guns to God - KEEP ON SHARING

BMF KENYA WASTE MANAGEMENT OUTREACH PROGRAM REQUEST

BMF Kenya is request the men of BMF United Kingdom, and friends, to assist us to purchase collection gear, for garbage collectors, which consists of BMF branded reflector jackets, gloves, masks and identification badges.

We have acquired a unique opportunity to collaborate with National Environmental Management Authority (NEMA) to network garbage collectors around the country. These men will become members of BMF in wards around the country.

We shall mobilise groups of around 100 members in most of the 1,450 wards in the country.

Each of them will become Chapter members in their respective wards.

Our mandate as BMF is to mobilise the collectors and give them the collection gear (branded reflector jackets, gloves, masks and a special identification badge).

Recycling companies, through NEMA, will give a small stipend to these collectors for collecting plastic, paper, organic and electronic waste. This stipend will contribute greatly to their personal livelihood and enable them to attend Chapter and outreach meetings.

We shall hold weekly Chapter outreaches among these collectors.

We are targeting street families and jobless men in the wards.

Through our contribution in this project, we stand a better chance to reach out to Government institutions, companies and the community at large.

A package for one person is priced at Kenya shillings 1,000 or 8 pounds.

We can buy as many as we can on a monthly basis, with your support.

We shall provide photos of every group formed and reports of outreaches among the collectors.

The project will start as soon as we are able to provide the packages.

Please join us in financial support and prayers for this wonderful outreach project.

Please pray about this and if you feel led to contribute however small an amount you can do so directly to our account.

£1462 Car repair funds APPEAL

Hi brother Allan, the attached is the car for BMF- Uganda, last year in March, BMF-UK supported us with new tyres and repairing the shocks, but since we travelled hundreds of miles every month, going to prisons passing on bad roads, full of particles and dust, the tyres are worn out, the

shocks need to be replaced, and the engine needs some repair because it overheated in November after the dust entered into the radiator and it failed to transmit water into the engine while we were on dusty roads in northern Uganda. I request BMF - UK to support us with **£1462** so that we can work on all those.

If you would like to partner with us in this evangelism campaign please join us in praying for us to reach millions of people with these

Salvation Story Videos, and that they will reach hearts that area ready to hear about Jesus.

For every £100 you give we will reach over 100,000 people.

As you can see our Life Stories are touching people all over the world. We now have **90,164** people who have clicked the Salvation Prayer Link from over 200 countries since Easter Sunday last year

Let us have your prayer requests to add them to our Thursday list

if you need support or prayer just contact us at www.lifestorieworldwide.com and we will share them with prayer groups worldwide. These christians bring each request before the the throne of grace seeking His face and Will in many lives.

[Eph 6:18](#) Praying always with all prayer and supplication in the Spirit,
and watching thereunto with all perseverance and supplication for all
saints;

May the Lord bless you and keep you in His love,

Yours in His service,

Allan Jones, on behalf of lifestoriesworldwide.
