REPORT ON BMF UGANDA WORK FOR October 2022

On 28th October ,Katamba Samuel and I went to Kiseka Prison. We arrived there at 12.20pm when the inmates were inside the cells and about to have lunch. We waited for them to have lunch and then started our meeting at 1.30pm. Katamba Samuel gave a brief explanation about BMF followed by his short testimony, and I gave my full story. 367 men were gathered in the prison compound under the mango tree shade, and 321 men received salvation. After the meeting we donated 5 boxes of washing soap and 4 Bibles to the prison.

On 29th October, Katamba Samuel and I went to Ndagwa Prison. We arrived there at 8am when the inmates were in morning assembly. We waited for 20 minutes, and then the OC introduced us to the men. Then Katamba Samuel started speaking. He started with a brief explanation about BMF followed by his short testimony, and then I gave my full story. 390 men out of the 431 who were assembled received salvation. We prayed for all the prison community at the end and donated 5 boxes of washing soap and five Bibles

On 30th October, Katamba Samuel and I went to Buwunga Prison. We arrived there at 8am and the OC welcomed us. We waited for the inmates to finish their assembly and have breakfast, and then we started the meeting at 9.30am. All the men were gathered in the main hall. Katamba Samuel gave a brief background about BMF followed by his short testimony, and then I gave my full story. Out of 217 men who were in the hall, 183 received salvation. We donated 5 boxes of washing soap and 4 bibles at the end.

I had to travel with Musisi Jude for prisons last month, but the district where he stays is under lock-down, so he had no way of getting out from there. Again I thank the Lord who guided our brethren from UK to support us with money to grow food for our members.

On 19th October, Musisi Jude gave out 900kgs of maize flour to members of the Kassanda Chapter who were in need of food due to the lock-down which was imposed because of the outbreak of Ebola in that area, and Katende Fred also gave out 800kgs to members of the Mubende Chapter. Most of those men who received food were bodaboda riders and taxi drivers who were stopped from working by the Government, yet they had no savings.

No of men reached in October = 1,015

No of men received salvation in October = 894

No of men reached since 2008 = 79,665

No of men received salvation since 2008 = 68,394

PRAISE REPORT

ELECTIONS

We thank the Lord for the peace that has prevailed in the country during the election month which started on 9th August.

The Presidential election was called on 15th August and the one who lost petitioned in the Supreme Court.

The judgement will be given on Monday 5th September.

Let us continue to pray for the country.

The schools outreach was affected from 2nd August upto 18th because the schools were closed due to elections.

We resumed the school outreaches on 19th August.

VICTORIA'S HEALING

Let us thank the Lord together for our daughter Victoria who had been sick in August but is now healed

and resuming back to college next week 6th September.

MAKADARA GOVERNMENT LEADERS MEETING

DATE: Monday 1st August 2022

VENUE: Deputy County Commissioner's Office, Makadara

ATTENDANTS: Deputy County Commissioner (DCC), 4 assistant County Commissioners and 35 Chiefs

REMARKS: The purpose of the meeting was for me to report to the Government Officials on the progress of

the Garbage Collectors and the way forward on the project in Nairobi.

I was accompanied by Officials from Kenya Recycler's Association, who are in charge of collecting garbage

by lorries to take to recycling companies.

I reported that we have so far brought together 250 Garbage Collectors and provided collection gear for them.

The Officials from the Rrecycler's Association requested for open spaces from the Government where lorries

will be taking garbage for sorting and baling purposes.

If the Government provides the open spaces, some of our members will be employed, to sort and bale garbage

and later get involved in recycling plastic.

This will give BMF a greater opportunity to reach out to more men and families who work as
Garbage Collectors and Cleaners.

I was tasked by the DCC to write a request letter to Kenya Railways for open land spaces next to the railway track within Nairobi explaining how the space will benefit the community. The DCC pledged to endorse the letter.

Let us pray that the Kenya Railways will provide these empty spaces, because through the provision, we shall reach out to thousands of needy families in the waste management sector.. Many of the needy shall be employed by Kenya Recycler's Association who are working hard to help eliminate dumpsites in Nairobi.

We agreed, in the meeting, that the Chiefs will provide security and assist BMF to set up groups (Chapters) among the Garbage Collector's communities along the dumpsites areas. I reported that our vision is to help these men and families to come out of alcoholism, drugs, crime etc, through Chapter outreaches/meetings.

The meeting was indeed a blessing for future outreaches in Nairobi.
