REPORT ON BMF UGANDA WORK DECEMBER 2022

On 28th December, Jude Musisi and I went to Ntuusi Prison. We arrived there at 12pm when some inmates were making general cleaning of the compound, while others were inside in the cells. The OC, who was sitting in the shade, welcomed us and took us into his office to sign the Visitor's Book. He instructed the Officer on duty to take 10 minutes to gather all the inmates in the main hall so that we could speak to them for 90 minutes. 416 men gathered in the hall. Jude Musisi gave a brief explanation about BMF followed by his short testimony, but in due course, there was a small group of Muslims which tried to disorganise him by making noise, but the O.C came in and commanded them to stop immediately to allow those who were interested to listen properly. I also gave my full testimony, and 373 men received salvation. We prayed for those who believed for God's protection in the New Year and those who had health issues to be healed. We donated five boxes of washing soap and four Bibles to that prison

On 29th December, Jude Musisi and I went to Iwemiyanga Prison. We arrived there at 9:00am when the inmates were having breakfast. We gave them 30 minutes to finish and gather on the veranda of the main building. Jude gave a brief explanation about BMF followed by his short testimony, and then I gave my full story. 349 men out of 382 who were on the veranda received salvation. The OC requested us to pray for all the men because they had a problem of flu and typhoid in that prison, whereby 80% of the inmates were sick, either suffering from flu or typhoid. We prayed, and some of them felt instant relief, and I believe others got better later. We donated five boxes of washing soap and four Bibles to that prison at the end

On 30th December, Jude Musisi and I went to Mateete Prison. We arrived there at 8:00am when the inmates were still in the morning assembly. We joined them and we spoke after the OC had introduced us. Jude Musisi gave a brief explanation about BMF followed by his short testimony, and then I gave the main message. Out of the 319 men who were in the assembly, 292 men received salvation. We prayed for all of them at the end, and Jude gave them a short New Year message.

No of men reached in December 2022 = 1,084.

No of men received salvation in December 2022 = 1,047.

No of men reached since 2008 = 80,743

No of men received salvation since 2008 = 70,277.

REPORT ON BMF KENYA WORK DECEMBER 2022

We thank the Lord for the peace that has prevailed in the country during the election month which started on 9th August.

The Presidential election was called on 15th August and the one who lost petitioned in the Supreme Court.

The judgement will be given on Monday 5th September.

Let us continue to pray for the country.

The schools outreach was affected from 2nd August upto 18th because the schools were closed due to elections.

We resumed the school outreaches on 19th August.

VICTORIA'S HEALING

Let us thank the Lord together for our daughter Victoria who had been sick in August but is now healed

and resuming back to college next week 6th September.

MAKADARA GOVERNMENT LEADERS MEETING

DATE: Monday 1st August 2022

VENUE: Deputy County Commissioner's Office, Makadara

ATTENDANTS: Deputy County Commissioner (DCC), 4 assistant County Commissioners and 35 Chiefs

REMARKS: The purpose of the meeting was for me to report to the Government Officials on the progress of

the Garbage Collectors and the way forward on the project in Nairobi.

I was accompanied by Officials from Kenya Recycler's Association, who are in charge of collecting garbage

by lorries to take to recycling companies.

I reported that we have so far brought together 250 Garbage Collectors and provided collection gear for them.

The Officials from the Rrecycler's Association requested for open spaces from the Government where lorries

will be taking garbage for sorting and baling purposes.

If the Government provides the open spaces, some of our members will be employed, to sort and bale garbage

and later get involved in recycling plastic.

This will give BMF a greater opportunity to reach out to more men and families who work as

Garbage Collectors and Cleaners.

I was tasked by the DCC to write a request letter to Kenya Railways for open land spaces next to the railway

track
within Nairobi explaining how the space will benefit the community.
The DCC pledged to endorse the letter.

Let us pray that the Kenya Railways will provide these empty spaces, because through the provision, we shall reach out to thousands of needy families in the waste management sector.. Many of the needy shall be employed by Kenya Recycler's Association who are working hard to help eliminate dumpsites in Nairobi.

We agreed, in the meeting, that the Chiefs will provide security and assist BMF to set up groups (Chapters) among the Garbage Collector's communities along the dumpsites areas. I reported that our vision is to help these men and families to come out of alcoholism, drugs, crime etc, through Chapter outreaches/meetings.

The meeting was indeed a blessing for future outreaches in Nairobi.

SCHOOLS OUTREACHES

1. SUBCOUNTY: KASARANI

1. KIWANJA PRIMARY SCHOOL

VENUE: School parade grounds

DATE: Tuesday 2nd

TIME: 10:00 am to 10:30 am
